

She Talks Science

AIMING HIGH CONFERENCE

Saturday April 22nd 2017

shetalksscience.com #shetalksscience

A one-day conference for sixth formers (primarily year 12) who are passionate about science and want to learn more about where it can take them in future.

Join us for the next conference in April 2017:

- Hear inspiring women describe their careers in science and talk with them yourself
- Take part in academic seminars about topical science issues
- Learn about current research evidence on academic achievement
- Find out what top universities look for in applications

Attendance is FREE and booking is via our blog: www.shetalksscience.com

(Places are limited to no more than one accompanying adult per attending student.)

"I absolutely loved attending the She Talks Science conference at Murray Edwards College....finding out about research and the career paths that many other inspiring women I met that day took made me excited about where a degree in science could take me- from researching the behaviour of crows in South America to travelling the world as the director of Oxfam..... The chance to meet fascinating people and explore riveting ideas is not one to be missed!" (Participant 2016)

She Talks Science: Aiming High Conference

For young women with the insight to question and the imagination to find answers

Provisional Programme

10.15-10.45 Arrive and register

10.45-11.00 Welcome and Introduction Dame Barbara Stocking

10.45-11.45 Enjoying science as a career

Two successful women scientists share their experiences: what they do, why it excites them and how they 'got there'

11.45-12.45 Talking science – academic seminars

A choice of talks/discussions in 3 different areas of science given by those engaged in pioneering developments

12.45-1.30 Lunch

An opportunity to talk informally with our speakers and with other participants

1.30-2.15 Aiming high academically

How to make good use of current research evidence on academic achievement

2.15-3.00 Applying to Cambridge (and other top universities)

Dispelling a few myths and explaining what you'll need to do

3.30-4.00 Tea and tours

An informal time for general questions and College tours (and to allow those with longer journeys to get on their way)

Murray Edwards
College
University of Cambridge

Please join us – we look forward to meeting you!
