## Fire Warden rooms

Each building in College has assigned Fire Warden rooms in order to comply with the College Fire Safety Policy and Fire Safety legislation. It is compulsory for occupants of those rooms to be trained Fire Wardens. Straightforward training is provided by the College.

## Fire safety

With a large population living in close proximity on a small site, there is always a risk of fire. All residents must play their part in minimising this risk.

Here is a list of rules that you must adhere to :

- Never leave cooking unattended in a kitchen
- Do not use cooking equipment in your room
- Do not leave heated hair devices (straighteners, curlers, tongs) unattended
- Do not use unsafe or untested electrical equipment and do not overload electrical sockets
- You must only use adapters that that meet UK specification
- Do not store combustible materials, including piles of paper
- Do not use naked flames (no candles are allowed in rooms)
- Do not leave items in corridors or stairways (including clothes dryers)
- Do not keep bicycles in your room, you must use the bike racks provided within the college
- Keep all fire doors closed at all times, especially kitchen doors (never wedge them open)

- Do not smoke in any room, and do not disable, tamper with or cover up smoke or heat detectors

- Do not tamper with fire safety equipment (extinguishers, fire blankets)
- Report anything that looks hazardous or unsafe to the Porters Lodge

## Fire Alarms and Fire Drills

You must always respond to a fire alarm by leaving the building and reporting to the designated fire assembly point, the location of which will be set out on the back of your room door.

## Room Inspections

Room inspections are carried out on a termly basis. This is to check that you are living safely and not putting yourself or any others in danger by for example overloading sockets or hanging fairy lights. We also check for any maintenance issues that need attention.

## End of residence

- At the end of each term you will need to clear your room of all belongings. During the Christmas and Easter vacations you will be able to put some items in your lockable wardrobe.
- If you have permission to have a fridge in your room you are responsible for removing it, if you leave it in your room it must be thoroughly cleaned and unplugged. Please be aware that the college does not accept any liability for loss or damage to any fridges.
- In the kitchen you need to remove any food items from the fridge in the kitchen and make sure your plates, pots and pans are all washed up and removed.
- You should leave your room in a clean and tidy condition and place any rubbish in the bin bag provided. Any College linen should be left neatly folded on your bed.
- Any damage left will be assessed and you may be charged. (Please see your licence agreement for a list of charges).
- Your key must be returned to the Porters' Lodge when you depart.

# Student Accounts - Guide to your termly College bill

## College Bill

Your College Bill (as distinct from your Tuition Fee Bill) will be sent to your University e-mail address on or around the first day of each of the 3 full terms.

The College Bill is a termly invoice that includes the accommodation charge (which comprises of room rent, electricity, water, network connection, amenities charge etc), and a standard charge each term for a Medical Taxi Scheme contribution.

Full-time students living in private (i.e. non-College) accommodation are required to pay an Amenities charge each term; this is reduced for part-time students.

Other charges (i.e. printing, replacement key/University card etc.) will also be included in this invoice, but are charged in arrears the following term.

## Payment

Payment of your College Bill is due 14 days from invoice date.

Payments can only be accepted in UK sterling and should always include your 8 digit College Account number, found on your invoice.

Suitable methods of payment include:

1. Internet bank transfer using your UK online banking facility (preferred method). Payment details are included at the top of your invoice. Payment may be made from an international bank account if required, however, please note that where charges are incurred for use of such facility, these will be passed on to the student to pay.
2. UK cheque made payable to Murray Edwards College.
3. Sterling Bank drafts (obtainable from any International bank).

Please note that we **do not** accept payment by credit or debit cards, and cannot accept payment in Cash.

Any student who experiences financial difficulty should contact their **Tutor** in the first instance for information and advice.

This approach is best made as soon as the problem emerges. For further information please refer to the [Student Support Funds section](#) on the College's website.

## College Charges for Overdue invoices

Charges will be levied on all accounts at the following rate:

1. A first charge will be levied two weeks after the Due Date.
2. A second charge will be levied at the end of Term.
3. Thereafter, overdue accounts will attract monthly charges on the outstanding amount at each month end, provided that at least 30 days have elapsed since the second charge.

For information about payment of [Tuition Fees](#), please go to the [College website](#)

## Maintenance Routines

The college maintenance department aims to provide an excellent service for its users: fellows, students and the operational departments. This requires help from users so we can best manage a quick and efficient service.

**1 Let us know!** If something requires attention, please report it promptly:

Use the colleges Room Management System (RMS). For further information please follow the [LINK](#)

If it is an emergency, call in person to the Porters' Lodge. The Porter will immediately contact the relevant maintenance team member.

Once we know your requirement, we can prioritise, plan and respond.

**2 Let us do it!** We will prioritise your request depending on the activity levels, observing the following standards and we will let you know when we will carry out the work:

<i>Priority</i>	<i>Examples</i>	<i>Service standard</i>
Emergency: affecting health, safety or serious damage to buildings	Broken/defective toilets, wash facilities, security-related matters (doors/windows), leaking pipe work, main kitchen power/ gas	Make safe within 3 hours Inspected and repaired as soon as possible and within 24 hours at most
