| 10.45am-11am   | Welcome and Introduction  
Dame Barbara Stocking                                                   |
| 11am-12pm      | Enjoying science as a career                                           
Two successful women scientists, Sinéad Marron and Sarah Tooze share their experiences: what they do, why it excites them and their career paths so far |
| 12pm-1pm       | Academic seminars                                                      
Ana Khukhro – Mathematical aspects of graphs, and why things would be easier if we lived on a doughnut-shaped planet  
Leila Jahangiri – Cancer and Developmental Biology  
Sarah Tooze – Too hot to handle - the art of cooling a jet engine  
Aleksandra Watson – Unravelling DNA: when sequence isn’t everything |
| 1pm-1.45pm     | Lunch                                                                  |
| 1.45pm-2.30pm  | Super-curricular exploration for scientists                             
Catherine Rowley                                                   |
| 2.30pm-3.15pm  | Applying to Cambridge                                                  
Andrew Spencer (Admissions Tutor)                                   |
| 3.15pm-4pm     | Refreshments and tours of the College                                  |
